* Every garment is made to order: your fabrics, colors, branding and packaging. UniWorkWear manufactures for brands, distributors and uniform programs worldwide.

# One factory. *no* middlemen.

UniWorkWear is a factory-direct workwear manufacturer, producing since 2011. When you work with us, you deal with the production floor itself — no trading companies, no subcontracting, no hidden markups between your order and the sewing line.

We manufacture made-to-order uniforms for brands, distributors and procurement teams worldwide: your fabrics, your colors, your branding, your packaging. Every order runs through in-house pattern making, cutting, sewing, finishing and pre-shipment inspection.
